

## WORKPLACE RESOURCE

# Community Collection

In our industry, we often see excess furniture – typically from a customer vacating their space filled with product they no longer need. While we're able to divert a portion of the product away from the landfill through recycling, the optimum solution is to extend the life of the furniture by connecting quality used product with non-profit organizations in need

Strong partnerships and multiple donation channels are key to the success of our Community Collection donation program. **This is where we need your help!** If you are or know of a non-profit supporting our local community that has a furniture need, please reach out to us at [workplace.resource@wrcolo.com](mailto:workplace.resource@wrcolo.com).

We would love to learn more about your organization and how we can fulfill your furniture wish list.
